#### [About The Constitution Project](#)

*Created out of the belief that we must cast aside the labels that divide us in order to keep our democracy strong, The Constitution Project (TCP) brings together policy experts and legal practitioners from across the political spectrum to foster consensus-based solutions to the most difficult constitutional challenges of our time. TCP seeks to reform the nation's broken criminal justice system and to strengthen the rule of law through scholarship, advocacy, policy reform and public education initiatives. Established in 1997, TCP is based in Washington, D.C.*
